*Trumbull Continuing Education*  
*Summer Explorations 2019*

*We are proud of the quality of the Summer Explorations Program. The three areas of focus continue to be accelerating academic progress, providing enrichment camps, and offering a wide variety of sport opportunities.*

*It is our hope that your child will find more than one summer camp experience that fosters a specific skill, interest, or hobby. We encourage you to take advantage of the experiences available for your child.*

*To ensure the success of Summer Explorations, we encourage students and parents to work with and support all school staff in meeting our program objectives. For it is only through our joint efforts in pursuing our common goals that increased student expectations will be achieved.*

*If you have any questions, please do not hesitate to contact any member of the Summer Explorations staff.*

*Sincerely,*

### **EL03 SUMMER SCIENCE**

**Grs. K - 2**

Have your child practice using STEM skills this Summer during our Summer Science Program. Your student will study the water cycle, weather, gardening, and the beach habitat! All while utilizing arts and crafts, experiments, and the outdoors. Sub topics include, sink and floating, thunder storms, soil, veggie/flower garden, and important bugs!

### **EL04 ART-RAGEOUS**

**Grs. K - 2**

This summer course can bring out the artist in everyone. Imagine your child spending time creating in a variety of ways. We will explore drawing, painting, sculpting, and much more. Each child will listen to music and enjoy stories that will foster creativity. We will feature a different artistic theme each week!

**EL05 CREATIVE COOKING****Grs. K - 5**

The best part of this course is eating the results! Children experience a variety of regional and international dishes, along with theme days created by the students. The students learn how to cook simple meals, clean up, read recipes, measure liquid and dry ingredients, and enjoy literature related to what they are cooking.

**EL06 THE MAGIC OF BOOK CLUBS****Grs. 3 - 5**

Who said book clubs are just for adults? You'll be able to share your love of books and reading with others. Come join the fun and share in the conversation. New books, friends, and conversations are waiting for you!

**EL07 THE MAGICAL WORLD OF HARRY POTTER****Grs 3 - 5**

Board the Hogwarts Express and explore J.K. Rowling's wonderful wizarding world! Students will be sorted into houses, create their own Hogwart's Crest, and dive into this beloved series through reading and discussion. Students will also create their own magical creatures, hunt for the golden snitch, and enjoy some magnificent crafts. Come join us and let your inner wizard shine!

**10:15AM - 12:00PM****Choose one****EL136 OUR WONDERFUL WORLD****Grs. K - 3**

Summer doesn't have to bring our science explorations to an end. Students learn about our fascinating world through fun-filled experiments. They naturally seek to understand the phenomena that exists everywhere around them. We will explore nature through scientific processes and will investigate weather patterns, seasons, plants, soil, matter, and people and nutrition.

**EL137 KINDNESS CLUB****Grs. K - 3**

Do you enjoy helping people and making people smile? If yes, then join Mrs. Beccaria to promote kindness in your home and community. "Kindness is contagious" and we will work together to brighten people's days with simple and thoughtful projects. Remember, it's Cool to be Kind!

**EL138 CREATIVE COOKING****Grs. K - 5**

The best part of this course is eating the results! Children experience a variety of regional and international dishes, along with theme days created by the students. The students learn how to cook simple meals, and clean up. Students learn how to read recipes and how to measure liquid and dry ingredients, and enjoy literature related to what they are cooking.

**EL139 GOOGLE MANIA****Grs. 2 - 5**

Do you have a Chromebook at school? Do you want to impress your teacher and friends with your tech savvy skills? Join us for a technology crash course in all things Google! Learn how to navigate Google Drive, create eye catching Google Docs and impressive presentations using Google Slides. Bring it all together in Google Classroom to share your learning with group discussions and presentations!

**EL140 S.T.E.M. (Science Technology Engineering Mathematics)****Grs. 3 - 5**

This program will be a hands-on opportunity that will reinforce problem solving, organizational skills, communication with peers, and the application of technology and mathematics. In addition, students will also be introduced to the "Design/Engineering Process."

**EL141 ART SPACE****Grs. 3 - 5**

Let your child unlock their artistic potential. They will develop skills while designing unique creations, using a variety of materials. We will explore imaginative projects where hands get messy and creativity gets expressed!!
