Trumbull Continuing Education Summer Explorations 2017

We are proud of the quality of the Summer Explorations Program. The three areas of focus continue to be accelerating academic progress, providing enrichment camps, and offering a wide variety of sport opportunities.

It is our hope that your child will find more than one summer camp experience that fosters a specific skill, interest, or hobby. We encourage you to take advantage of the experiences available for your child.

To ensure the success of Summer Explorations, we encourage students and parents to work with and support all school staff in meeting our program objectives. For it is only through our joint efforts in pursuing our common goals that increased student expectations will be achieved.

If you have any questions, please do not hesitate to contact any member of the Summer Explorations staff.

*Sincerely,
Trumbull Continuing Education*

*Dr. Gary Cialfi
Superintendent*

*Cheryl Gould
Secretary*

*Terry Buckingham

or after June 28th you can reach
Mrs. Buckingham at 203-452-4227

SPECIAL EDUCATION

Pre-School - Grade 12

Special education programs are provided in accordance with the child's need for an "Extended School Year" (ESY), as specified in his or her Individualized Education Program (IEP). When so designated in the IEP, the child will be enrolled in appropriate programs at no cost to the parents. For further details, contact your building Pupil Services Representative or call PPS at 203-452-4352.

TRUMBULL LOVES CHILDREN

Trumbull Loves Children will run a half day camp "Afternoon Explorers" from 12:00 Noon to 6:00 PM at the Frenchtown site for those children who will need care after the Summer Explorations program. For further information on TLC, call 203-452-9626.

EARLY CHILDHOOD

EL01 PRE-SCHOOL

Ages 3 - 4

Are you looking for enrichment activities for your preschool aged child? Come join us for fun filled activities centered around animal themes; farm animals, zoo animals, ocean animals and family pets. "Hands on" activities, arts and crafts projects, and more will foster developmentally appropriate skills in all domains - intellectual, social, emotional, and physical.

July 5 - July 28

9:00AM - 12:00 PM

\$515

**Location: TECEC
Middlebrooks Ave.**

EL02 PRE-KINDERGARTEN - READY, SET, GO!

Children excited about those first steps into kindergarten will gradually ease into a school setting in this class. Intellectual, physical, and socio-emotional growth are emphasized through "hands-on" activities. Each child will be encouraged to explore their own talents through music, art, movement, language expression, and other interdisciplinary areas. Students must be enrolled to start Kindergarten in September 2017.

July 5 - July 28

8:30AM - 12:00PM

\$605

Location: FT

READING REVIEW

Grs. K - 2

This program is for academic support which focuses on strengthening reading skills for the child who has completed **kindergarten, first, or second grade**, but may need extra support and review over the summer. Recommendation must come from the building literacy specialist and the classroom teacher.

July 5 - July 28

8:30AM - 10:00AM

EL03 ART-RAGEOUS

Grs. K - 2

This summer course can bring out the artist in everyone. Imagine your child spending time creating in a variety of ways. We will explore drawing, painting, sculpting and much more. Each child will listen to music and enjoy stories that will foster creativity. We will feature a different artistic theme each week!

EL04 AN ADVENTURE THROUGH STORYBOOKS

Grs. K - 2

Come get swept away in a great book! We will foster a lifelong love of reading with daily read-alouds and reader's theater. Students will enjoy books such as *Piggie and Gerald* by Mo Willems and share their favorites. Utilizing books, props and arts and crafts, we will explore stories and practice reading skills. Students will be mesmerized by the magic of stories while learning new vocabulary, improving language, listening, and prediction skills.

EL05 FLIGHTS & ROCKETS

Grs. K - 5

Building projects may include paper airplanes, balloon cars, stomp rockets, water rockets and more. These hands-on projects provide students with opportunities to experiment with the basics of aeronautics such as thrust and drag, lift and weight. They will have a BLAST!

EL06 CREATIVE COOKING

Grs. K - 5

The best part of this course is eating the results! Children experience a variety of regional and international dishes, along with theme days created by the students. The students learn how to cook simple meals, clean up, read recipes, measure liquid and dry ingredients and enjoy literature related to what they are cooking.

EL07 SHARPEN YOUR SKILLS

Grs. 1 - 2

Get ready for the school year ahead. Review skills from grade completed and explore the areas of math, reading, and writing. We'll read, practice phonics, do journal writing, listen to read alouds, and use math manipulatives to enhance the learning. Come along and join the fun!

EL08 SUMMER WRITING WORKSHOP

Grs. 3 - 5

What is your opinion? Using the workshop approach, students will write, edit, revise, and share their original opinion pieces with peers. We will foster student-centered writing and collaboration in a supportive environment.

CHOOSE ONE COURSE FROM THIS SECTION
10:15AM - 12:00PM

EL133 CREATIVE COOKING

Grs. K - 5

The best part of this course is eating the results! Children experience a variety of regional and international dishes, along with theme days created by the students. The students learn how to cook simple meals, and clean up. Students learn how to read recipes and how to measure liquid and dry ingredients and enjoy literature related to what they are cooking.

EL134 CALLING ALL WRITERS!!!

Grs. 1 - 2

Do you love to write??? Would you like to write about what you are an expert at doing? Are you an expert at riding your bike, walking a dog or making a jelly sandwich? “How to” writing will teach you writing in an exciting way. Would you like to do research and write about a favorite animal? It could be the Komodo Dragon, Persian cats or Hammerhead Sharks. “All About” books will help you share what you know about a favorite topic with others. If you want to write all kinds of informational pieces may be right course for you!!!

EL135 AN ADVENTURE THROUGH STORYBOOKS

Grs. K - 2

Come get swept away in a great book! We will foster a lifelong love of reading with daily read-alouds and reader’s theater. Students will enjoy books such as *Piggie and Gerald* by Mo Willems and share their favorites. Utilizing books, props and arts and crafts, we will explore stories and practice reading skills. Students will be mesmerized by the magic of stories while learning new vocabulary, improving language, listening, and prediction skills.

EL136 OUR WONDERFUL WORLD

Grs. K - 3

Summer doesn’t have to bring our science explorations to an end. Students learn about our fascinating world through fun-filled experiments. They naturally seek to understand the phenomena that exists everywhere around them. We will explore nature through scientific processes and will investigate weather patterns, seasons, plants, soil, matter, and people and nutrition.

EL137 CALLING ALL LEGO LOVERS

Grs. K -5

Captivating hands-on activities make this course a must for LEGO lovers. We will build Lego contraptions and connect them to various renewable power source from solar panel to wind turbine and more and experiment outside when the sun is out and wind is strong!

EL138 ART SPACE

Grs. 3 - 5

Let your child unlock their artistic potential. They will develop skills while designing unique creations, using a variety of materials. We will explore imaginative projects where hands get messy and creativity gets expressed!!

ENRICHMENT CAMPS

USE GRADE COMPLETED IN 2016 - 2017 WHEN SELECTING PROGRAM

FARMING FOR FUN

Grs. 1 - 6

Instructor: Melissa Cunningham

Bunnies and horses, chickens and sheep... and us, too – we all need to eat! Learn how to feed and care for the animals at the Trumbull Agriscience Farm while experiencing firsthand where we get our food and clothing.

EC01 July 5 - July 14 8:30AM - 12:00PM \$285 Location: AGRI

QUIET ON THE SET

Grs. 1 - 3

Instructor: Larry Stowe

This year come to Quiet on the Set and be a part of the adventure with the Toy Story toys as they are mistakenly sold in a tag sale and must find their way home. Costumes are supplied. We film almost everyday, play games, and have lots of fun. On the last day family and friends are invited to the premiere. **Every child gets a copy of the movie. Space is limited!**

EC02 July 5 - July 14 8:30AM - 12:00PM \$285 Location: FT

MINECRAFT SURVIVAL ADVENTURE

Grs. 2 - 5

Instructor: Computer Explorers

We may be dodging fireballs from exploding volcanos or hiding from a snow giant on Mt. Everest. This will take team work and collaboration as we mine, craft, build, and problem solve our precarious situation. Students will be solving this survival adventure on a teacher-monitored closed server,

EC03 July 5 - July 7 8:30AM - 12:00PM \$105 Location: THS

POCKET CHANGE

Grs. 4 - 6

Instructor: Joseph Fiore

A fresh new way to look at old coins! Bring in your pennies, dimes, and nickels yearning to be appreciated! Learn about US coins, their history, how they are made, and how much they're worth—while doing a little collecting of your own. Whether you already have a collection, or are thinking about starting one- this is the class for you! We'll use coin book folders and have magazines and guides to share.

EC04 July 5 - July 14 8:30AM - 12:00PM \$285 Location: FT

LEGO ARCHITECTURE

Grs. K - 4

Instructor: Marc Wilson

Using LEGO Architecture building sets, students will be exposed to the world of architectural engineering. Students will learn about landmark buildings from across the country and around the world, then put their creative skills to the test as they draw up their own blueprints. We will discuss such topics as scale and proportion and their relation to engineering.

EC05 July 10 - July 14 8:30AM - 12:00PM \$180 Location: FT

I AM AN AMERICAN GIRL

Grs. K - 4

Instructor: Laura Bossio

Explore the lives of your favorite American Girls, both past and present, as we play games, read books, and create fun crafts. While embracing our own talents and hobbies, we'll discover and share all of the great qualities, dreams, and attributes that make us amazing American Girls!

EC06 July 10 - July 14 8:30AM - 12:00PM \$180 Location: FT

CLAYMATION MOVIEMAKER

Grs. K - 4

Instructor: Computer Explorers

Clay and animation, what a perfect combination. Working in teams, students do it all, from story creation to making the characters with clay and building the sets. As they learn the production process, they will use DIGITAL CAMERA and COMPUTER SOFTWARE to animate, record, download, assemble, and edit their own movies.

EC07 July 10 - July 14 8:30AM - 12:00PM \$180 Location: FT

CREATIVE CRAFTS

Grs. K - 5

Instructor: Bree Ann Prezioso

Students will engage in exciting arts and crafts designed for children at all skill levels (beginner-advanced). These activities include drawing, painting, designing summer themed projects, and creating an art portfolio which they will be given the opportunity to share at the last class.

EC08 July 10 - July 14 8:30AM - 12:00PM \$180 Location: FT

FANCY NANCY

Grs. 1 - 2

Instructor: Jennifer Russo

Enter the world of Fancy Nancy where everything is fancy, including the words. Come along and experience being "fancy" through the Fancy Nancy books. We'll read and be fancy the entire week!

EC09 July 10 - July 14 8:30AM - 12:00PM \$180 Location: FT

LEGO ROBOTICS

Grs. 2 - 5

Instructor: Computer Explorers

Lego Mindstorms provides wonderful hands-on opportunities for the students to experiment and learn about the fundamentals of robotics, construction, and computer programming. We will be using the all time familiar Lego bricks to build around a micro computer and using computer software to bring the robot to life!

EC10 July 10 - July 14 8:30AM - 11:30AM \$180 Location: THS

CREATIVE COMPUTER ART

Grs. 3 - 5

Instructor: Todd Richard

Learn to code and create your own digital works of art! Using computer programming, you'll create animations, interactive artwork, and other exciting projects. Learn how technology is used in the world of art, architecture, and design. No previous computer programming/coding experience is required.

EC11 July 10 - July 14 8:30AM - 12:00PM \$180 Location: FT

VIDEO ANIMATION GAMING

Grs. 3 - 7

Instructor: Computer Explorers

Students will be using the software program "Scratch" developed by MIT Media Institute to create animation, music, videos, Pacman-like video games and more. Creations from this class along with a copy of this software will be sent home so students can continue to have fun!

EC12 July 10 - July 14 8:30AM - 11:30AM \$180 Location: THS

INTRO TO FACE PAINTING

Grs. 6 - 8

Instructor: Eve Modee

We all love having our face painted at fairs and for Halloween parties. Have you ever wondered if you could face paint and earn money during school break? Join me this summer and learn key basic techniques of face painting. I will walk through every step and by the completion of the program, you'll have the skills you need so you can start painting designs and practice your way to becoming a pro! This class program is designed to introduce someone who's never painted a face before to the industry.

EC13 July 10 - July 14 8:30AM - 12:00PM \$180 Location: THS

THS MOCK TRIAL

Grs. 7 - 9

Instructor: Eric August

This camp will be a fun and informative training camp that is intended for novice and experienced students currently in grades 7th, 8th, or 9th. Students will be introduced to the art of mock trial and be instructed on the proper techniques for attorneys and witnesses. This camp is designed to help introduce the novice student to mock trial and to help polish the skills of the experienced student. The camp will culminate with a mock trial where the students will have a chance to have some fun and demonstrate what they have learned. The camp will be run by THS's nationally recognized mock trial team.

EC14 July 10 - July 21 8:30AM - 12:00PM \$355 Location: THS

I AM AN AMERICAN GIRL

Grs. K - 4

Instructor: Laura Bossio

Explore the lives of your favorite American Girls, both past and present, as we play games, read books, and create fun crafts. While embracing our own talents and hobbies, we'll discover and share all of the great qualities, dreams, and attributes that make us amazing American Girls!

EC15 July 17 - July 21 8:30AM - 12:00PM \$180 Location: FT

CREATIVE CRAFTS

Grs. K - 5

Instructor: Bree Ann Prezioso

Students will engage in exciting arts and crafts designed for children at all skill levels (beginner-advanced). These activities include drawing, painting, designing summer themed projects, and creating an art portfolio which they will be given the opportunity to share at the last class.

EC16 July 17 - July 21 8:30AM - 12:00PM \$180 Location:

LEGO ARCHITECTURE

Grs. K - 4

Instructor: Marc Wilson

Using LEGO Architecture building sets, students will be exposed to the world of architectural engineering. Students will learn about landmark buildings from across the country and around the world, then put their creative skills to the test as they draw up their own blueprints as we discuss such topics as scale and proportion and their relation to engineering.

EC17 July 17 - July 21 8:30AM - 12:00PM \$180 Location:

DANCE DANCE DANCE!!

Grs. K - 5

Instructor: Katie Laird

This camp is for girls who are interested in learning different genres of dance. This energetic week of music and movement will teach students various dance styles including ballet, lyrical, jazz, musical theatre, and hip hop! Students will learn how to stretch properly before and at the end of dance class and they will learn 3 routines using popular music to perform at the end of the week for parents. Students should dress comfortably and bring dance shoes or sneakers. Come join the fun!

EC18 July 17 - July 21 8:30AM - 12:00PM \$180 Location: FT

MODDING IN MINECRAFT

Grs. 3 - 7

Instructor: Computer Explorers

Check out modpacks that let you ride an ender dragon or a creeper pig. Or get a NASA workbench to build a rocket and blast off to the moon and plant your own flag on the surface. The possibilities are endless with different modpacks

EC19 July 17 - July 21 8:30AM - 11:30AM \$180 Location: THS

CLAYMATION MOVIEMAKER

Grs. 4 - 7

Instructor: Computer Explorers

Clay and animation, what a perfect combination. Working in teams, students do it all, from story creation to making the characters with clay and building the sets. As they learn the production process, they will use DIGITAL CAMERA and COMPUTER SOFTWARE to animate, record, download, assemble, and edit their own movies.

EC20 July 17 - July 21 8:30AM - 11:30AM \$180 Location: THS

DRAWING AND PAINTING

Grs. 5 - 8

Instructor: Kathleen Durand

This is a great time to hang out with other artists your age and create unique works of art! Using colored pencils, watercolors and acrylic paint, be inspired by nature, famous artists, and your imagination.

EC21 July 17 - July 21 8:30AM - 12:00PM \$180 Location: THS

NICKELS & DIMES

Grs 4 -5

Instructor: Joseph Fiore

Discover the fascinating world of coin collecting! Bring your nickels, dimes, and pennies, too! Learn about US coins, their history, how they are made, and how much they're worth—while enjoying some collecting of your own. Whether you already have a collection, or are thinking about starting one- this is the class for you! We'll use coin book folders and have magazines and guides to share.

EC22 July 17 - July 28 8:30AM - 12:00PM \$180 Location: FT

FARMING FOR FUN

Grs. 1 - 6

Instructor: Melissa Cunningham

Bunnies and horses, chickens and sheep... and us, too – we all need to eat! Learn how to feed and care for the animals at the Trumbull Agriscience Farm while experiencing firsthand where we get our food and clothing.

EC23 July 17 - July 28 8:30AM - 12:00PM \$355 Location: AGRI

LIGHTS, CAMERA, ACTION

Grs. 4 - 6

Instructor: Larry Stowe

This year come and be a part of Lights, Camera, Action and fly with Peter Pan for an amazing adventure. Costumes are supplied. We film almost everyday, we play games, and have lots of fun. On the last day family and friends are invited to the premiere. **Every** child gets a copy of the movie. **Space is limited!**

EC24 July 17 - July 28 8:30AM - 12:00PM \$355 Location: FT

SUMMER CODE FUN SR

Grs. 6 - 8

Instructor: Cenk Erdil

A fun summer activity is learning how to code. Students will expand their coding skills, while analyzing data and reasoning decision making. They will design, propose, and implement apps of their choice that can run on a computer, a smartphone, or a tablet. As they improve upon their problem solving skills, students will be encouraged to form teams to attend upcoming American Computer Science League contests.

EC25 July 17 - July 21 8:30AM - 12:00PM \$180 Location: THS

A "FAIRY" COOL SUMMER

Grs. K - 4

Instructor: Laura Bossio

The wonderful and mystical world of fairies awaits! We will learn all about fairies through stories by Tracy Kane. Have you ever wondered where fairies live? What they like to do, wear, or eat? We'll learn how to make fairy houses and fairy gardens as we spend time in the outdoors exploring the fairy world. We'll read books, write stories, and play games that any fairy would enjoy. Imagination is "fairy" important...we hope you'll join us!

EC26 July 24 - July 28 8:30AM - 12:00PM \$180 Location: FT

MINECRAFT ADVENTURE

Grs. K - 4

Instructor: Computer Explorers

Minecraft is an educational gem. Using developmentally appropriate activities, students learn and master the underlying mechanics of the game. From treasure quests to travel expeditions to building challenges and more, students work in groups within a collaborative virtual world, a MOD built on a closed and safe MinecraftEdu server.

EC27 July 24 - July 28 8:30AM - 12:00PM \$180 Location: FT

AESOP'S FABLES - THE MUSICAL

Grs. 2 - 5

Instructor - John Congdon

Who doesn't love music? And what about animals? Come help mash these two together with a new twist and be a part of "Aesop's Fables" at Summer Explorations 2017! We'll have fun singing and acting, while creating sets, costumes, bios, and playbills as we prepare to put on a show no audience will want to miss at the end of the session!!!

EC28 July 24 - July 28 8:30AM - 12:00PM \$180 Location: FT

COMPUTER CODING IN MINECRAFT

Grs. 3 - 7

Instructor: Computer Explorers

This class is more than just "mining" and "crafting" in Minecraft. Students will conceptualize, design, and learn how to create MODs and modify the game using JAVA. This is for students who have good listening skills and interested in computer programming.

EC29 July 24 - July 28 8:30AM - 11:30AM \$180 Location: THS

SUMMER CODE FUN SR

Grs. 6 - 8

Instructor: Cenk Erdil

A fun summer activity is learning how to code. Students will expand their coding skills, while analyzing data and reasoning decision making. They will design, propose, and implement apps of their choice that can run on a computer, a smartphone, or a tablet. As they improve upon their problem solving skills, students will be encouraged to form teams to attend upcoming American Computer Science League contests.

EC30 July 24 - July 28 8:30AM - 12:00PM \$180 Location: THS

KINETIC TAKE APART AND TINKERING

Instructor: Brenda Windsor

Using the engineering process, campers will investigate many mechanical objects, predict what makes them work, take them apart, and document the process using pictures, charts, and journal writing. How does a clock radio work, a computer printer, or a sewing machine? Let's take them apart and find out! Once we have inventoried the pieces, we can either put the item back together or use the parts to create something new. It's all about the tinkering!

STEM27 Grs. 3 - 5 July 5 - July 7 8:30AM - 11:30AM \$105 Location: THS

BULDING A GREENHOUSE

Instructor: Alison Cotter

Imagine designing, planning, researching, and building your own greenhouse ready to grow your own flowers or vegetables? Our summer program offers that and more. We will research why greenhouses are important, and what purpose they serve. We will also investigate and grow plants from seeds. We will plan, design, and build a working greenhouse ready go and grow. Sound like fun?

STEM28 Grs. 3 - 5 July 5 - July 14 8:30AM - 12:00PM \$285 Location: THS

DEVELOP A HOBBY BY RECYCLING!

Instructor: Brenda Windsor

Using the engineering process, campers will investigate the ways problems can be solved using discarded fabrics, yarns, and other fibers to create clothing and jewelry. Imagine creating macrame out of unwanted t-shirt material or embellishing clothing by adding a knitted flower. Campers will be introduced to knitting, crocheting, macrame, and other crafty hobbies.

STEM29 Grs. 3 - 5 July 10 - July 14 8:30AM - 11:30AM \$180 Location: THS

STEM30 Grs. 6 - 8 July 10 - July 14 12:00PM - 3:00PM \$180

INTRO TO SEWING

Instructor: Brenda Windsor

Campers will learn to thread a sewing machine, use an iron and cutting tools, while measuring, selecting fabrics, and making a special pillow case. All campers will work through the steps to design, cut, and sew a unique pillow case. We will also make pillow cases to donate to a local shelter or to children in need.

STEM31 Grs. 3 - 5 July 17 - July 21 8:30AM - 11:30AM \$180 Location: THS

STEM32 Grs. 6 - 8 July 17 - July 21 12:00PM - 3:00PM \$180

ALL THINGS ANIMATION

Instructor: Brenda Windsor

Using Google Slides, iPads, and Green Screen, children will create animation. The idea of animation, or making things appear to move, goes back farther than Walt Disney. Children will investigate the history of animation, where they find animation in their world today, and then begin creating animation using various mediums. No one needs to be an expert drawer or writer to learn animation and create amazing showcases.

STEM33 Grs. 3 - 5 July 24 - July 28 8:30AM - 11:30AM \$180 Location: THS

STEM34 Grs. 6 - 8 July 24 - July 28 12:00PM - 3:00PM \$180

PERCUSSION

Grs. 4 - 12

This one week course is a fantastic opportunity for young drummers and mallet players to expand their abilities while having fun! It is open to any percussionist in grades 4-12 who have one or more years of experience playing their instrument. All participants will enjoy individualized, guided instruction from highly qualified teachers in note and rhythm reading, rudimental drumming, marching band and drum corps technique and ensemble performance. The week will culminate in a recital designed to showcase the skills and techniques learned at the camp. Students who register for Percussion Camp may also sign up for Music Camp if they wish. Questions or concerns please email Mr. David Turechek-tureched@trumbullps.org

BAND June 26 - June 30 8:30AM - 12:30PM \$145 Location: THS

MUSIC

Grs. 3 - 10

Students are taught by certified Music teachers. Instruction is offered for this regional, highly acclaimed music camp on Strings, Brass, Woodwind, Percussion, and Guitar at the Beginner, Intermediate, and Advanced levels. The curriculum provides experience in String and Full Orchestra, Concert Band, Jazz Ensemble, Chorus, Music Technology, and Guitar Ensemble. Performance opportunities include solo and small ensembles, weekly recitals, and an evening concert program at the culmination of the camp. A recreation program is also included in the day. All Beginner students must obtain an instrument prior to the first day of camp. Experienced students will be evaluated upon arrival, and placed in ensembles according to ability. Students should plan to attend the entire three week session. If you have any questions, please email Tom Whitmoyer-whitmoyt@trumbullps.org

MUSIC July 10 - July 28 8:30AM - 12:30PM \$425 Location: THS

GIRLS SOFTBALL

Grs. 3 - 9

Instructors: Jacqueline Sheftz, Erica Christopher, Kelley Larsen

This is a 3-day fundamental oriented camp that will assist young players in developing and/or improving their individual softball skills. Repetitive drill work and game situations will be used to stress proper throwing, catching, fielding, hitting, pitching, and base running mechanics while also providing lessons on teamwork and sportsmanship.

SC04 July 10 - July 12 8:30AM-11:30AM \$105 Location: THS Field

SOCCER

Grs. 5 - 8

Instructor: Daniel Uhrlass and Sil Vitiello

High school coaches from the girls and boys teams will help younger players develop their soccer skills. Players will improve their comfort with the ball and decision-making in games. We will give the players plenty of technical training, developing their skill on the ball, along with opportunity to use their skills in many small-sided games. We will emphasize first touch, passing, receiving, striking the ball, shielding, and other skills. Players should bring a ball, shinguards, and water.

SC01 July 10 - July 14 8:30AM - 11:30AM \$195 Location: THS Field

CHEERLEADING

Grs. 1 - 8

Instructor: Jane Marella

The campers will learn the basics to intermediate movements in cheerleading. The campers will learn how to stunt, tumble, cheer, dance, and jump. On the last day, the campers do a performance for their parents, families, and friends. Each camper cheerleader should come prepared with water and a small snack (nut free). Wear shorts, a t-shirt, and light weight sneakers.

SC02 July 10 - July 14 8:30AM - 11:30AM \$170 Location - Commons

FIELD HOCKEY

Grs. 4- 8

Instructor: Colleen Filush

The camp will be instructed by members of the Trumbull High School Field Hockey coaching staff. This week is specifically geared towards **beginner with a year or less of experience**. The objective of the camp is to teach and develop basic skills and knowledge of the game as well as to stress sportsmanship and teamwork. Players will need to provide their own equipment (sticks, shin guards, mouth guard, water, eyewear).

SC03 July 17 - July 21 8:30AM - 11:00AM \$145 Location: THS Field

ADVANCED TRACK AND FIELD CAMP

Grs. 7 - 12

Instructor: Shawn Tait and Max Coleman

This camp is designed to educate and develop the middle school and high school athlete who has experience in jumps and sprints. The camp is for the sprinter or jumper that wants to raise their performance to the next level. We will offer the athletes the opportunity to receive attention from experienced coaches in a positive and encouraging environment. The athletes will receive coaching from Max Coleman (former Division I jumper at High Point University) and current coach at Transylvania University and Shawn Tait, current jumps and sprints coach at Trumbull High School. Campers will receive a T-shirt, DVD of video analysis of their jumping and sprinting, and a booklet of training information designed to take them to the next level.

SC04 July 17 - July 21 9:00AM - 12:00PM \$170 Location: THS Field

TRACK AND FIELD

Grs. 3 - 8

Instructors: Jeff Klein and Jim McCaffrey

Like to run around? To jump? To see how fast you can go? This camp is all about an introduction to track and field as well as cross country running for beginners and those who have already tried some races on their own. Campers will come away with an idea of the basics of the sport, do some basic training, and have a chance to participate in some fun competition.

SC05 July 24 - July 28 9:00AM - 12:00PM \$170 Location: THS

Celebrating 30 Years!

1987

2017

BOYS BASKETBALL

Grs. 2 - 9

Instructor: Head Coach Buddy Bray, Head J.V. Coach Matt Landin, Head Coach MMS John Cappello, Phil Pacelli, and Varsity Assistant Coach, Foran High School Joe Gill

This camp will help players of all ages and abilities learn about the great game of basketball and develop fundamental basketball skills. Campers will build skills through basketball stations, lectures, games, and a variety of competitions and basketball contests.

SC06 Grs. 2 - 4 June 26 - June 30 8:30AM - 12:00PM \$170 Location: THS Gym

SC11 Grs. 5 - 9 July 10 - July 14 12:00PM - 3:00PM \$170

In honor of our 30th year please join Coach Buddy Bray and his staff on Thursday, June 29, 2017, 11:45AM

for cake and ice-cream. All campers and parents are invited.

BASEBALL

Grs 3 - 9

Instructors: Head Coach Phil Pacelli and Assistant Coach Buddy Bray

Trumbull Eagles Baseball Camp provides campers with the opportunity to learn the fundamentals of the game, including hitting, fielding, pitching, catching, and base running. Campers will participate in daily drills and games. Come have fun and learn from the THS coaching staff and members of the THS baseball program.

SC12 July 17 - July 21 8:30AM -12:00PM \$195 Location: THS Field

SC13 July 24 - July 28 8:30AM -12:00PM \$195 Location: THS Field

FIELD HOCKEY

Grs. 5 - 8

Instructor: Colleen Filush

The camp will be instructed by members of the Trumbull High School Field Hockey coaching staff. This week is specifically geared towards players with **a year or more of experience**. The objective of the camp is to refine skills and knowledge of the game as well as to stress sportsmanship and teamwork. This camp will be focused around game play. Players will need to provide their own equipment (sticks, shin guards, mouth guard, water, eyewear).

SC14 July 31 - August 4 8:30AM - 11:00AM \$145 Location: THS Field

TENNIS

Grs. 2 - 9

Instructor: Vanessa Pardo

The summer Tennis Camp is directed by Vanessa Pardo, former professional tour player, who is the founder of Le Tennis Academy and currently the Head Coach for Trumbull High Boys Tennis Team. The camp will focus on many aspects of the game to form a solid foundation for tennis. All the basic strokes will be taught in drills and game situation and develop scanning, tracking, and focusing which will benefit tennis and other ball sports. Each practice will emphasize on tennis conditioning, hand-eye coordination, technique, consistency and patterns used in singles and doubles situation. Players will be divided into groups based on their age and ability. We will be using the 10 and under format for our younger players. We require that each participant bring their own racquet.

SC15 July 17 - July 21 8:30AM - 12:00PM \$195 Location: Tennis Courts

SC16 July 24 - July 28 8:30AM - 12:00PM \$195 Location: Tennis Courts

WRESTLING

Grs. 4 - 12

Instructor: Charlie Anderson

Ever wonder what makes some of the Connecticut's wrestling teams so good year in and year out? This camp will answer those questions. Each day we will bring in a coach from one of the top wrestling programs in the state. They will discuss their philosophy of training, wrestling, and show some of their signature techniques. Want to get better? Learn from the best.

SC17 July 17 - July 21 8:30AM - 3:00PM \$195

SC18 July 17 - July 21 8:30AM - 11:30AM \$100

SC19 July 17 - July 21 12:30AM - 3:30PM \$100

Location: THS Gym

GIRLS BASKETBALL

Grs. 1 - 9

Instructor: Steve Tobitsch

Trumbull High School Girls Varsity Head Coach Steve Tobitsch along with special guest coaches and current and former Trumbull Girls Basketball players will be running their annual Lady Eagle Summer Basketball Camp. Take your game to the next level! Personalized instruction and skill development will focus on ball handling, passing, rebounding, defense, and shooting. Campers will also be introduced to five-on-five competition with ample time for individual contests and fun games.

SC20 July 24 - July 28 8:30AM - 11:30AM Grs. 1 - 5 \$170 Location: THS

SC21 July 24 - July 28 12:00AM - 3:00PM Grs. 6 - 9 \$170

VOLLEYBALL

Grs. 3 - 9

Instructors: Buddy Bray and Varsity Assistant Coach Tom Zultowski

This camp is an organized program for boys and girls from beginner to advanced players. Campers will learn the basic fundamental skills of volleyball. Athletes will learn how to pass, set, spike, dig, and serve. Progressive drills and mini-games will be used to help give athletes a good understanding of volleyball.

SC22 July 31 - August 4 8:30AM - 12:00PM \$195 Location: THS Gym

S.A.T. ENGLISH

Grs. 11 - 12

Instructor: Hope Spalla

This course will focus on strategies to be successful on the verbal portion of the redesigned SAT exam. Instruction and practice will focus on the reading test questions, the writing and language test questions, and on the SAT essay.

SAT01 July 10 - July 14 8:00AM - 10:15AM \$275

Location: THS

S.A.T. MATH

Grs. 11 - 12

Instructor: Brian Smith

Students will be given an initial assessment that will form the basis for course instruction. Specific strategies will be presented to deal with each type of problem on the test to improve confidence and scores. These will include how to answer many problems more quickly and how to make educated guesses on multiple-choice problems. In addition, advanced math concepts that have been added to the new test will be reviewed and discussed in detail.

SAT02 July 10 - July 14 10:15AM - 12:30PM \$275

Location: THS

SUMMER DRIVER EDUCATION PROGRAM

Trumbull High School offers a comprehensive Driver Education Program. This program consists of 30 hours classroom instruction, includes 8 hours of safe driving practices, 8 hours of on the road training, and a mandatory 2 hour parent training workshop. Students must be 16 years of age prior to the start of the classes.

On the road training is by appointment.

The Driver's License road test is available at THS. Available test dates and registration forms are outside the Drivers Ed Office.

Register early!

Any questions please call: George Romano at 203-452-4577
